Which browsers/technologies TimeCamp support?

In this article:

- [Browsers](#)
- [Operation Systems](#)
- [Mobile apps](#)

We want to give you the most comfortable tool for time tracking without any problems. Our software is based on the newest technologies. Because of some restrictions of them, below we list the browsers and systems we support.

Browsers

- Chrome
- Firefox
- Edge
- Safari

Important! Remember about **updating the browser** to the latest version.

Operation Systems

- Windows 7 +
- Mac OSX 10.13+
- Linux - Ubuntu - 16.04.6 LTS+ (only LTS)

The desktop app consumes around 1% of the CPU and 30 MB of RAM

Mobile apps

- Android 5.0+
- iOS 10.3+
