TimeCamp's API

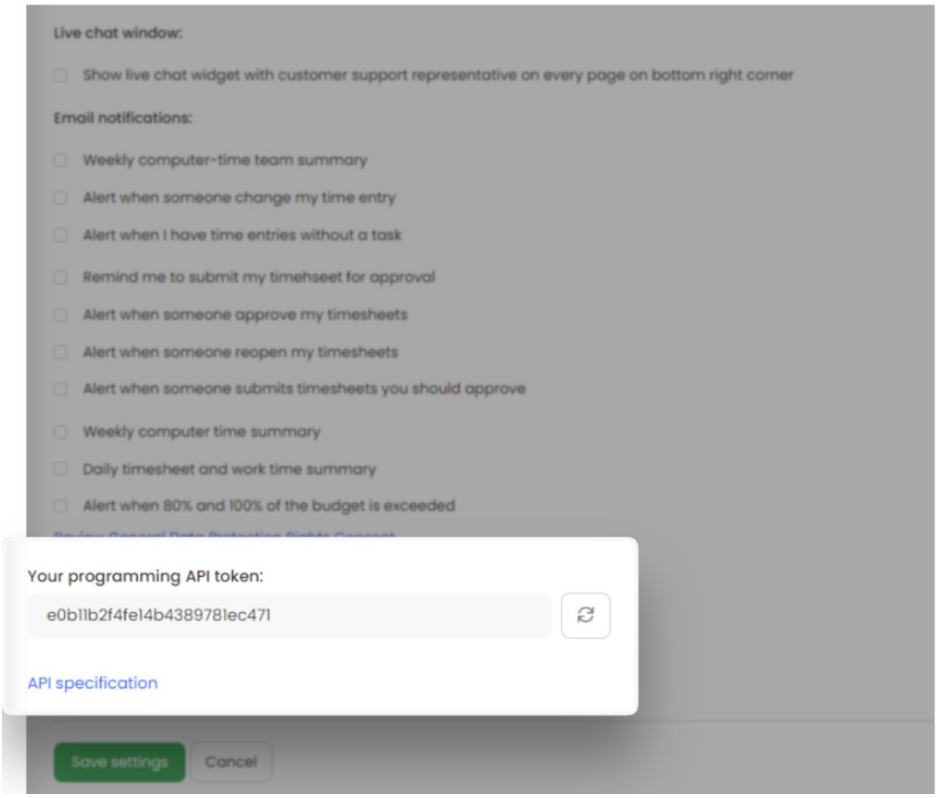

We've prepared API for those, who need to use data from TimeCamp in their own software and our export possibilities aren't enough for them.

You can read our documentation and instructions here.

To get your API token, please log in to your TimeCamp account and **click on your avatar** in the right-upper corner. Next, select the **Profile Settings option**.

You'll find your **API token** at the bottom of the page.

API requests limit is based on the subscription plan of your account.
