Task's time report

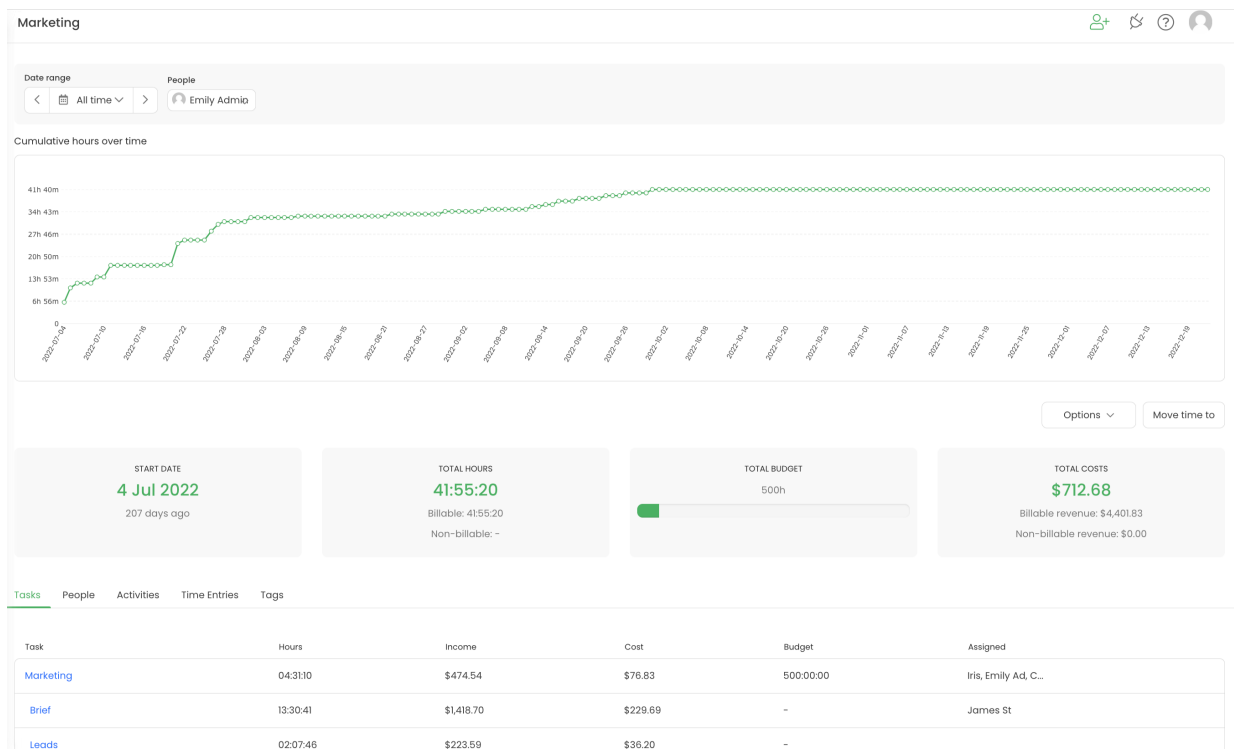

The **time report** of a specific task shows not only its total time but also presents budget, cost, and income statistics. Here you can find the list of all time entries assigned to a specific task and check what activities were registered during tracking time on that task.

The report's data might be presented differently depending on the project role of the user who is checking the report.

To open the task's time report navigate to the Projects module and hover your mouse on a task you'd like to check. Next click on the **"report"** icon next to it.

You'd be redirected to a time report of this specific task.

The tasks' time report allows using the **Date range** and **People** filter.

The **top** part of the report shows a simple graph where you can compare the amount of tracked time within the selected period.

Next, you can find a few statistics about the task:

- **the start date** of tracking time - it is the day when first time entry for this task was created;
- **total hours** tracked to this task - it also contains information about time marked as billable and non-billable;
- **total budget** - in addition, it contains a small graph showing the already used hours budget;
- **total costs** - it also contains information about billable and non-billable revenue;

The screenshot displays the 'Marketing' task tracking interface. At the top, there's a 'TRACK' section with a date range of 'All time' and a user filter for 'Emily Admin'. Below this is a 'Cumulative hours over time' chart showing a green line graph that rises from 0h 56m to approximately 41h 40m over time. The x-axis represents dates from 2022-07-14 to 2022-12-19. Below the chart, there are four summary cards: 'START DATE' (4 Jul 2022, 207 days ago), 'TOTAL HOURS' (41:55:20, with billable and non-billable breakdowns), 'TOTAL BUDGET' (500h with a progress bar), and 'TOTAL COSTS' (\$712.68, with billable and non-billable revenue breakdowns). At the bottom, there are tabs for 'Tasks', 'People', 'Activities', 'Time Entries', and 'Tags'.

Task	Hours	Income	Cost	Budget	Assigned
Marketing	04:31:10	\$474.54	\$76.83	500.00.00	Iris, Emily Ad, C...
Brief	13:30:41	\$1,418.70	\$229.69	-	James St
Leads	02:07:46	\$223.59	\$36.20	-	

Above the statistics, we can find two buttons **Options** and **Move time to**.

The **Options** button allows selecting if the report should show billable time, non-billable time, and time for archived subtasks.

[Here](#) you can learn more about **moving time** to another task

At the **bottom part** of the report, we prepared a few tabs with different types of summaries.

The screenshot shows the 'Tasks' tab selected in the Timesheet report. The table below lists the tasks and their associated details:

Task	Hours	Income	Cost	Budget	Assigned
Marketing	04:31:10	\$474.54	\$76.83	500:00:00	Iris, Emily Ad, C...
Brief	13:30:41	\$1,418.70	\$229.69	-	James St
Leads	02:07:46	\$223.59	\$36.20	-	
Meeting	04:47:40	\$503.42	\$81.51	-	
Research	01:42:10	\$178.79	\$28.95	-	

Tasks tab shows the list with the total time tracked to the task and its subtasks within the selected period. Here you can also find the details of costs and income rates of each task, its budget, and assigned users.

People tab shows the list of users who tracked time on the task and its subtasks and the total hours tracked by each user.

Activities tab shows the list of websites and applications that were registered and assigned during tracking time to the task and its subtask. This report can be downloaded as an Excel file. If you would like to reassign some activities to another tasks you can do it directly on your Timesheet.

[Here](#) you can learn how to move activities between tasks on a Day Timesheet and [here](#) you can find instructions explaining how to remove activities.

Time entries tab shows the list with all entries assigned to the task during the selected period. This report can be downloaded as an Excel file. If you click on total hours next to the specific time entry you'll be redirected to the Timesheet where you can edit it or delete it.

Tags tab shows the list of all tags assigned to the selected task. Here you can find the total amount of time assigned to a specific tag and the name of user who used that tag.
