# iCal (Calendar) examples

In this article:

Calendar integration requires an **iCal link** to connect and import events from your calendar. You can find this link in your calendar app settings. We prepared a few instructions for the most popular calendar apps.

To enable the Calendar integration, navigate to the plugin icon and select the **Integrations** option. Next, find the **Calendar** integration on the list and click the **Enable** button.

#### 4. Input the URL into the proper field in TimeCamp integration settings;

Integrations	2+ × ? N
Ical Integration	
Use any Ical calendar to synchronize your events as part of the timesheet every day.	
Save time and make your timesheets more automatic	
V You can use MS Outlook Calendar and many more	
Once imported they are shown as time entries so you can easily assign them to specific projects and tasks in your timesheet	
Use keywords to automatically assign tasks for calendar events	
How to integrate?	
). Enter the URL for your calendar (make sure it's in iCal format). For Google Calendar go to Google Calendar Integration	
2. Click "Save" or add another calendar by clicking "Add another calendar" button	
3. Visit timesheet to assign imported calendar events to tasks	
4. For more information on how to enable the integration please visit our Help Center	
webcak//p27-caldav.icloud.com/published/2/MTgxNTUyMzI3MTixODElNan-dATM-bFdM_6 Days before: 7 Days after: 7 Private events Delete	
+ Add another calendar	
Source	
SUVE	

Desktop Apple Calendar also can contain the iCal link but first, calendar should be marked as Public in iCloud.

### Zoho Calendar

1. Navigate to your **Settings** in the upper-right corner;
